

Product set for home

Home Management System
Smart Device
LED cube

Technology To be Used

IoT, Wi-Fi, M2M Communication, Bluetooth, Data Manipulation
Wi-Fi, ML
ML, Variable Numeric Algorithm Controlled

Product set for Industry

CNC Writing Machine
Industry Management System
Smart Shopping Trolley

Use of CNC shield, Technology for manage x and y axis
IoT, Wi-Fi, M2M Communication, Bluetooth
Machine to Machine communication, Sensor, Data Manipulation,

Product set for commercial

- Trolley Bag
- Smart Parking
- Vehicle Tracking

Machine to Machine communication, Sensor,
Pattern Recognition, Data Verification
GSM, GPS, Sensor, ML

Product set General

3D printer
3D Scanner
Drone

Use of CNC shield, Technology for manage x, y and z axis, 3D Technology, M2M
Use of CNC shield, Technology for manage x,y and z axis, Sensor
M2M communication, level controller, RF
